**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

*In this filing, we refer to: (i) our unaudited condensed consolidated financial statements and notes thereto as our “Financial Statements;” (ii) our Unaudited Condensed Consolidated Statements of Operations and Comprehensive (Loss) Income as our “Statements of Operations;” (iii) our Unaudited Condensed Consolidated Balance Sheets as our “Balance Sheets;” and (iv) our Unaudited Condensed Consolidated Statements of Cash Flows as our “Statements of Cash Flows.”*

**1. BUSINESS**

Everi Holdings Inc. (“Everi Holdings,” or “Everi”) is a holding company, the assets of which are the issued and outstanding shares of capital stock of each of Everi Payments Inc. (“Everi FinTech” or “FinTech”) and Everi Games Holding Inc., which owns all of the issued and outstanding shares of capital stock of Everi Games Inc. (“Everi Games” or “Games”). Unless otherwise indicated, the terms the “Company,” “we,” “us” and “our” refer to Everi Holdings together with its consolidated subsidiaries.

Everi develops and offers products and services that provide gaming entertainment, improve our customers’ patron engagement, and help our casino customers operate their businesses more efficiently. We develop and supply entertaining game content, gaming machines and gaming systems and services for land-based and iGaming operators. Everi is a provider of financial technology solutions that power casino floors, provide operational efficiencies, and help fulfill regulatory requirements. The Company also develops and supplies player loyalty tools and mobile-first applications that enhance patron engagement for our customers and venues in the casino, sports, entertainment and hospitality industries. In addition, the Company provides bingo solutions through its consoles, electronic gaming tablets and related systems.

Everi reports its financial performance, and organizes and manages its operations, across the following two business segments: (i) Games and (ii) FinTech.

Everi Games provides gaming operators with gaming technology and entertainment products and services, including: (i) gaming machines, primarily comprising Class II, Class III and Historic Horse Racing (“HHR”) slot machines placed under participation and fixed-fee lease arrangements or sold to casino customers; (ii) providing and maintaining the central determinant systems for the video lottery terminals (“VLTs”) installed in the State of New York and similar technology in certain tribal jurisdictions; (iii) business-to-business (“B2B”) digital online gaming activities; and (iv) bingo solutions through consoles, integrated electronic gaming tablets and related systems.

Everi FinTech provides gaming operators with financial technology products and services, including: (i) financial access and related services supporting digital, cashless and physical cash options across mobile, assisted and self-service channels; (ii) loyalty and marketing software and tools, regulatory and compliance (“RegTech”) software solutions, other information-related products and services, and hardware maintenance services; and (iii) associated casino patron self-service hardware that utilizes our financial access, software and other services. We also develop and offer mobile-first applications aimed at enhancing patron engagement for customers in the casino, sports, entertainment, and hospitality industries. Our solutions are secured using an end-to-end security suite to protect against cyber-related attacks, allowing us to maintain appropriate levels of security. These solutions include: access to cash and cashless funding at gaming facilities via Automated Teller Machine (“ATM”) debit withdrawals, credit card financial access transactions, and point of sale (“POS”) debit card purchases at casino cages, kiosk and mobile POS devices; accounts for the CashClub Wallet, check warranty services, self-service loyalty and fully integrated kiosk maintenance services; self-service loyalty tools and promotion management software; compliance, audit, and data software; casino credit data and reporting services; marketing and promotional offering subscription-based services; and other ancillary offerings.

## 2. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Presentation

Our Financial Statements included herein have been prepared by us pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”). Some of the information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles in the United States (“GAAP”) have been condensed or omitted pursuant to such rules and regulations, although we believe the disclosures are adequate to make the information presented not misleading. In the opinion of management, all adjustments (which include normal recurring adjustments) necessary for a fair statement of results for the interim periods have been made. The results for the three and nine months ended September 30, 2024 are not necessarily indicative of results to be expected for the full fiscal year. The Financial Statements should be read in conjunction with the consolidated financial statements and notes thereto included in the most recently filed Annual Report on Form 10-K for the year ended December 31, 2023 (the “Annual Report”).

### Restricted Cash

Our restricted cash primarily consists of: (i) funds held in connection with certain customer agreements; (ii) funds held in connection with a sponsorship agreement; (iii) wide-area progressive (“WAP”)-related restricted funds; and (iv) financial access activities related to cash held on behalf of patrons and funds required to be held to cover underlying financial access service transactions. The following table provides a reconciliation of cash, cash equivalents, and restricted cash reported within the Balance Sheets that sum to the total of the same such amounts shown in the Statements of Cash Flows for the nine months ended September 30, 2024 (in thousands).

### Fair Values of Financial Instruments

The fair value of a financial instrument represents the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. Fair value estimates are made at a specific point in time, based upon relevant market information about the financial instrument.

The carrying amount of cash and cash equivalents, short-term restricted cash, settlement receivables, short-term trade and other receivables, settlement liabilities, accounts payable, and accrued expenses approximate fair value due to the short-term maturities of these instruments. The fair value of the long-term trade and loans receivable is estimated by discounting expected future cash flows using current interest rates at which similar loans would be made to borrowers with similar credit ratings and remaining maturities, which represent Level 2 inputs. The fair value of long-term accounts payable is estimated by discounting the total obligation. As of September 30, 2024 and December 31, 2023, the fair value of trade and loans receivable approximated the carrying value due to contractual terms generally being slightly over 12 months. The fair value of our borrowings is estimated based on various inputs to determine a market price, such as: market demand and supply, size of tranche, maturity, and similar instruments trading in more active markets.

The estimated fair value and outstanding balances of our borrowings are as follows (in thousands):

	Level of Hierarchy	Fair Value	Outstanding Balance
<b>September 30, 2024</b>			
\$600 million Term Loan	2	\$ 582,677	\$ 580,500
\$400 million Unsecured Notes	2	\$ 398,000	\$ 400,000
<b>December 31, 2023</b>			
\$600 million Term Loan	2	\$ 589,433	\$ 586,500
\$400 million Unsecured Notes	2	\$ 365,000	\$ 400,000

The fair values of our borrowings were determined using Level 2 inputs based on quoted market prices for these securities.

### Reclassification of Balances

Certain amounts in the accompanying Financial Statements have been reclassified to be consistent with the current year presentation. These reclassifications had no effect on net income for the prior periods.

As of September 30, 2024, other than what has been described above, we do not anticipate recently issued accounting guidance to have a significant impact on our Financial Statements.

### 3. REVENUES

#### Overview

We evaluate the recognition of revenue based on the criteria set forth in Accounting Standards Codification (“ASC”) 606 — Revenue from Contracts with Customers and ASC 842 — Leases, as appropriate. We recognize revenue upon transferring control of goods or services to our customers in an amount that reflects the consideration we expect to receive in exchange for those goods or services. We enter into contracts with customers that include various performance obligations consisting of goods, services, or combinations of goods and services. Timing of the transfer of control varies based on the nature of the contract. We recognize revenue net of any sales and other taxes collected from customers, which are subsequently remitted to governmental authorities and are not included in revenues or operating expenses. We measure revenue based on the consideration specified in a contract with a customer and adjusted, as necessary.

#### Disaggregation of Revenues

We disaggregate revenues based on the nature and timing of the cash flows generated by such revenues as presented in [“Note 17 — Segment Information.”](#)

#### Contract Balances

Since our contracts may include multiple performance obligations, there is often a timing difference between cash collections and the satisfaction of such performance obligations and revenue recognition. Such arrangements are evaluated to determine whether contract assets and liabilities exist. We generally record contract assets when the timing of billing differs from when revenue is recognized due to contracts containing specific performance obligations that are required to be met prior to a customer being invoiced. We generally record contract liabilities when cash is collected in advance of us satisfying performance obligations, including those that are satisfied over a period of time. Balances of our contract assets and contract liabilities may fluctuate due to timing of cash collections.

The following table summarizes our contract assets and contract liabilities arising from contracts with customers (in thousands):

	2024	2023
<b>Contract assets<sup>(1)</sup></b>		
Balance, January 1	\$ 26,635	\$ 22,417
Balance, September 30	33,314	22,001
<b>Increase (decrease)</b>	\$ 6,679	\$ (416)
<b>Contract liabilities<sup>(2)</sup></b>		
Balance, January 1	\$ 51,799	\$ 53,419
Balance, September 30	61,529	55,722
<b>Increase</b>	\$ 9,730	\$ 2,303

1. Contract assets are included within trade and other receivables, net and other receivables in our Balance Sheets.
2. Contract liabilities are included within accounts payable and accrued expenses and other accrued expenses and liabilities in our Balance Sheets.

We recognized approximately \$32.5 million and \$38.6 million in revenue that was included in the beginning contract liabilities balance during the nine months ended September 30, 2024 and 2023, respectively.

## Games Revenues

Our products and services include electronic gaming devices, such as Native American Class II offerings and other electronic bingo products, Class III slot machine offerings, HHR offerings, integrated electronic bingo gaming tablets, VLTs installed in the State of New York and similar technology in certain tribal jurisdictions, B2B digital online gaming activities, accounting and central determinant systems, and other back-office systems. We conduct our Games segment business based on results generated from the following major revenue streams: (i) Gaming Operations; and (ii) Gaming Equipment and Systems.

We recognize our Gaming Operations revenue based on criteria set forth in ASC 842 or ASC 606, as applicable. The amount of lease revenue included in our Gaming Operations revenues and recognized under ASC 842 was approximately \$44.5 million and \$136.1 million for the three and nine months ended September 30, 2024, respectively, and \$52.7 million and \$153.4 million for the three and nine months ended September 30, 2023, respectively.

## FinTech Revenues

Our FinTech products and services include solutions that we offer to gaming establishments to provide their patrons with financial access and funds-based services supporting digital, cashless and physical cash options across mobile, assisted and self-service channels along with related loyalty and marketing tools, and other information-related products and services. We also develop and offer mobile-first applications aimed at enhancing patron engagement for customers in the casino, sports, entertainment, and hospitality industries. In addition, our services operate as part of an end-to-end security suite to protect against cyber-related attacks, allowing us to maintain appropriate levels of security. These solutions include: access to cash and cashless funding at gaming facilities via ATM debit withdrawals, credit card financial access transactions, and POS debit card purchases at casino cages, kiosk and mobile POS devices; accounts for the CashClub Wallet, check warranty services, self-service loyalty and fully integrated kiosk maintenance services; self-service loyalty tools and promotion management software; compliance, audit, and data software; casino credit data and reporting services; marketing and promotional offering subscription-based services; and other ancillary offerings. We conduct our FinTech segment business based on results generated from the following major revenue streams: (i) Financial Access Services; (ii) Software and Other; and (iii) Hardware.

Hardware revenues are derived from the sale of our financial access and loyalty kiosks and related equipment and are accounted for under ASC 606, unless such transactions meet the definition of a sales type or direct financing lease, which are accounted for under ASC 842. We did not have any significant financial access kiosk and related equipment sales contracts accounted for under ASC 842 during the three and nine months ended September 30, 2024 and 2023.

## 5. BUSINESS COMBINATIONS

We account for business combinations in accordance with ASC 805 — Business Combinations, which requires that the identifiable assets acquired and liabilities assumed be recorded at their estimated fair values on the acquisition date separately from goodwill, which is the excess of the fair value of the purchase price over the fair values of these identifiable assets and liabilities. We include the results of operations of an acquired business starting from the acquisition date.

### Pending Proposed Merger

On February 28, 2024, the Company entered into definitive agreements with, among others, International Game Technology PLC, a public limited company incorporated under the laws of England and Wales (“IGT”), pursuant to which IGT agreed to spin-off a newly created subsidiary, which will own IGT’s Gaming & Digital business (“IGT Gaming”), with the Company acquiring IGT Gaming in a series of transactions (the “Original Proposed Transaction”). Upon the closing of the Original Proposed Transaction, under the terms of the agreements, IGT shareholders were expected to own approximately 54% of the combined company, with the Company’s existing stockholders expected to own approximately 46% of the combined company.

On February 28, 2024, the Company and Ignite Rotate LLC, a subsidiary of IGT (“Spinco”), entered into a debt commitment letter and related letters with the lenders specified therein. On March 29, 2024, the Company and Spinco entered into an amended and restated debt commitment letter and related amended and restated letters (as amended, the “Commitment Letter”), pursuant to which the lenders committed to provide the Company and such subsidiary with up to \$3.7 billion, together with a revolver of \$0.8 billion, used to refinance the existing debt of the Company and its subsidiaries, and distribute funds to IGT, with the remainder to be used to pay the combined company’s fees, costs and expenses in connection with the Original Proposed Transaction, subject to the satisfaction of certain customary closing conditions including the consummation of the Original Proposed Transaction described above.

In connection with the Original Proposed Transaction, we incurred transaction costs of approximately \$1.2 million and \$16.2 million during the three and nine months ended September 30, 2024, respectively, which are included within Operating Expenses of our Statements of Operations.

On July 26, 2024, the Company entered into definitive agreements with, among others, IGT and Voyager Parent, LLC, a Delaware limited liability company (“Buyer”), whereby IGT Gaming and Everi will be simultaneously acquired by Buyer in an all-cash transaction (the “Proposed Transaction”). Following closing, IGT Gaming and Everi will be privately owned companies that are part of one combined enterprise and Everi’s common stock will be delisted from the New York Stock Exchange and deregistered under the Securities Exchange Act of 1934, as amended. Under the terms of the agreements, Everi stockholders will receive \$14.25 per share in cash (subject to adjustment for any stock or interest split, division or subdivision of shares, stock dividend, reverse stock split, combination of shares, reclassification, recapitalization, or other similar transaction) and IGT will receive \$4.1 billion of gross cash proceeds for IGT Gaming, subject to customary transaction adjustments in accordance with the definitive agreements. The acquisitions of IGT Gaming and Everi by Buyer are cross-conditioned. The transaction is subject to customary closing conditions, including the receipt of regulatory approvals and approval by Everi stockholders. In addition, on July 26, 2024, immediately prior to and in connection with the entry into the definitive agreements for the Proposed Transaction, each of the definitive agreements for the Original Proposed Transaction, including the Commitment Letter, was terminated by mutual consent of the respective parties thereto, effective immediately. There were no termination or other penalties surrounding the termination of such agreements.

Buyer has obtained equity financing commitments and debt financing commitments for the purpose of funding the Proposed Transaction and paying related fees and expenses. Certain funds managed by affiliates of Apollo Global Management, Inc. (the “Guarantors”) have committed to invest in Buyer an aggregate amount of up to \$2.3 billion, subject to the terms and conditions set forth in the equity commitment letter, and have entered into a limited guarantee in favor of IGT and the Company, pursuant to which the Guarantors are guaranteeing certain obligations of Buyer in connection with the merger agreement relating to the Proposed Transaction, including the termination fee and certain other fees, indemnities, and expenses, subject to a maximum aggregate liability cap. In addition, certain debt financing sources have committed to lend an aggregate principal amount of up to \$4.3 billion, together with a committed revolving credit facility in an aggregate principal amount of up to \$0.8 billion, to Buyer for the purpose of funding the Proposed Transaction, subject to the terms and conditions set forth in the debt commitment letter and any related fee letter. In addition, De Agostini S.p.A., a *società per azioni* organization under the laws of Italy and the controlling shareholder of IGT (“De Agostini”), has entered into a letter agreement with an affiliate of Buyer, pursuant to which De Agostini will make a minority investment in an indirect parent of Buyer.

In connection with the Proposed Transaction, we incurred transaction costs of approximately \$4.6 million and \$5.4 million during the three and nine months ended September 30, 2024, respectively, and employee retention costs of approximately \$2.4 million and \$7.8 million during the three and nine months ended September 30, 2024, respectively, which are included within Operating Expenses of our Statements of Operations.

#### **eCash Holdings Pty Limited**

On March 1, 2022 (the “eCash Closing Date”), the Company acquired the stock of eCash Holdings Pty Limited (“eCash”). Under the terms of the stock purchase agreement, we paid the seller AUD\$20 million (approximately USD\$15 million) on the eCash Closing Date, additional consideration of AUD\$5.0 million (USD\$3.4 million) approximately one year following the eCash Closing Date and additional consideration of AUD\$6.5 million (USD\$4.2 million) approximately two years following the eCash Closing Date. In addition, we paid approximately AUD\$8.7 million (USD\$6.0 million) for the excess net working capital during the second quarter of 2022. We finalized our measurement period adjustments and recorded approximately \$2.3 million primarily related to deferred taxes during the first quarter of 2023. The acquisition did not have a significant impact on our results of operations or financial condition.

#### **Intuicode Gaming Corporation**

On April 30, 2022 (the “Intuicode Closing Date”), the Company acquired the stock of Intuicode Gaming Corporation (“Intuicode”), a privately owned game development and engineering firm focused on HHR games. Under the terms of the stock purchase agreement, we paid the seller \$12.5 million on the Intuicode Closing Date of the transaction, a net working capital payment of \$1.6 million during the second quarter of 2022 and \$6.4 million based on the achievement of a certain revenue target one year following the Intuicode Closing Date. In addition, we owe approximately \$2.4 million as a final payment based on the achievement of a certain revenue target two years following the Intuicode Closing Date. We finalized our measurement period adjustments and recorded approximately \$1.3 million primarily related to the final payment and deferred taxes during the second quarter of 2023.

During the second quarter of 2024, the contingent consideration performance period ended and we revised our final payment estimate. As a result, we recorded an adjustment of approximately \$0.2 million, which was included within Operating Expenses of our Statements of Operations. The acquisition did not have a significant impact on our results of operations or financial condition.

The fair value of the contingent consideration was based on Level 3 inputs utilizing a discounted cash flow methodology. The estimates and assumptions included projected future revenues of the acquired business and a discount rate of approximately 5%. Contingent consideration to be paid is comprised of a short-term component that is recorded in accounts payable and accrued expenses in our Balance Sheets. The change in fair value of the contingent consideration during the period ended September 30, 2024 was not material.

## Venuetize, Inc.

On October 14, 2022 (the “Venuetize Closing Date”), the Company acquired certain strategic assets of Venuetize, Inc. (“Venuetize”), a privately owned innovator of mobile-first technologies that provide an advanced guest engagement and m-commerce platform for the sports, entertainment and hospitality industries. Under the terms of the asset purchase agreement, we paid the seller \$18.2 million on the Venuetize Closing Date of the transaction and an immaterial amount twelve-months following the Venuetize Closing Date that was netted against a net working capital receivable of approximately \$1.0 million. In addition, we expect to pay approximately \$1.8 million in contingent consideration based upon the achievement of certain revenue targets on the twenty-four month and thirty-month anniversaries of the Venuetize Closing Date. We finalized our measurement period adjustments and recorded approximately \$1.2 million primarily related to the net working capital receivable and deferred taxes during the fourth quarter of 2023. The acquisition did not have a significant impact on our results of operations or financial condition.

The fair value of the contingent consideration was based on Level 3 inputs utilizing a discounted cash flow methodology. The estimates and assumptions included projected future revenues of the acquired business and a discount rate of approximately 7%. Contingent consideration to be paid is comprised of a short-term component that is recorded in accounts payable and accrued expenses in our Balance Sheets. The change in fair value of the contingent consideration during the period ended September 30, 2024 was not material.

## VKGS LLC

On May 1, 2023 (the “Video King Closing Date”), the Company acquired certain strategic assets of VKGS LLC (“Video King”), a privately owned leading provider of integrated electronic bingo gaming tablets, video gaming content, instant win games and systems. Under the terms of the purchase agreement, we paid the seller approximately \$61.0 million, inclusive of a net working capital payment on the Video King Closing Date. We also made an additional net working capital payment of \$0.3 million post-closing, early in the third quarter of 2023. In addition, we paid the seller approximately \$0.2 million related to an indemnity holdback post-closing, during the fourth quarter of 2024, which was scheduled for release on the eighteen-month anniversary of the Video King Closing Date. We finalized our measurement period adjustments and recorded an immaterial amount related to deferred taxes during the quarter ended March 31, 2024. The acquisition did not have a significant impact on our results of operations or financial condition.

### *Pro-forma financial information (unaudited)*

The acquisition related to Video King occurred during fiscal 2023; therefore, it is included in our Financial Statements for the three and nine months ended September 30, 2024.

The unaudited pro forma financial data on a consolidated basis, including the historical operating results of the Company, assuming the Video King acquisition occurred on January 1, 2022, reflected revenue of approximately \$206.6 million and \$625.0 million and net income of approximately \$26.6 million and \$81.9 million for the three and nine months ended September 30, 2023, respectively.

The acquisitions related to eCash, Intuicode and Venuetize occurred during fiscal 2022; therefore, each are included in our Financial Statements for the three and nine months ended September 30, 2024 and 2023, respectively.

The unaudited pro forma results include increases to depreciation and amortization expense based on the purchased intangible assets and costs directly attributable to the acquisitions. The unaudited pro forma results do not purport to be indicative of results of operations as of the date hereof, for any period ended on the date hereof, or for any other future date or period; nor do they give effect to synergies, cost savings, fair market value adjustments and other changes expected as a result of the acquisitions.

## **6. FUNDING AGREEMENTS**

We have commercial arrangements with third-party vendors to provide cash for certain of our fund dispensing devices. For the use of these funds, we pay a usage fee on either the average daily balance of funds utilized multiplied by a contractually defined usage rate or the amounts supplied multiplied by a contractually defined usage rate. These fund usage fees, reflected as interest expense within the Statements of Operations, were approximately \$4.8 million and \$14.4 million for the three and nine months ended September 30, 2024, respectively, and \$5.1 million and \$15.3 million for the three and nine months ended September 30, 2023, respectively. We are exposed to interest rate risk to the extent that the applicable rates increase.

Under these agreements, the currency supplied by third party vendors remain their sole property until the funds are dispensed. As these funds are not our assets, supplied cash is not reflected in our Balance Sheets.

Our primary commercial arrangement, the Contract Cash Solutions Agreement, as amended, is with Wells Fargo, N.A. (“Wells Fargo”). Wells Fargo provides us with cash up to \$450 million with the ability to increase the amount permitted by the vault cash provider. The term of the agreement expires on December 1, 2026 and will automatically renew for additional one-year periods unless either party provides a ninety-day written notice of its intent not to renew. The outstanding balance of funds provided in connection with this arrangement were approximately \$230.5 million and \$388.5 million as of September 30, 2024 and December 31, 2023, respectively.

We are responsible for losses of cash in the fund dispensing devices under this agreement, and we self-insure for this type of risk. There were no material losses for the three and nine months ended September 30, 2024 and 2023, respectively.

## **7. TRADE AND OTHER RECEIVABLES**

Trade and other receivables represent short-term credit granted to customers and long-term loans receivable in connection with our Games and FinTech equipment and software, and compliance products. Trade and loans receivable generally do not require collateral.

The balance of trade and loans receivable consists of outstanding balances owed to us by gaming operators. Other receivables include income tax receivables and other miscellaneous receivables.

The balance of trade and other receivables consisted of the following (in thousands):

	<b>At September 30,</b>	<b>At December 31,</b>
	<b>2024</b>	<b>2023</b>
<b>Trade and other receivables, net</b>		
Games trade and loans receivable	\$ 53,542	\$ 66,044

<b>Total trade and other receivables, current portion</b>	<b>\$ 102,030</b>	<b>\$ 107,933</b>

1. Refer to [“Note 3 — Revenues”](#) for a discussion on the contract assets.

#### **Allowance for Credit Losses**

The activity in our allowance for credit losses for the nine months ended September 30, 2024 and 2023 is as follows (in thousands):

	<b>Nine Months Ended September 30,</b>	
	<b>2024</b>	<b>2023</b>
Beginning allowance for credit losses	\$ (5,210)	\$ (4,855)
Provision	(8,333)	(8,861)
Charge-offs, net of recoveries	8,176	8,539
Ending allowance for credit losses	<b>\$ (5,367)</b>	<b>\$ (5,177)</b>

#### **8. INVENTORY**

Our inventory primarily consists of component parts as well as work-in-progress and finished goods. The cost of inventory includes cost of materials, labor, overhead and freight, and is accounted for using the first in, first out method. The inventory is stated at the lower of cost or net realizable value.

Inventory consisted of the following (in thousands):

	At September 30, 2024	At December 31, 2023
<b>Inventory</b>		
Component parts	\$ 57,667	\$ 59,632
Work-in-progress	1,619	1,147
Finished goods	15,636	9,845
<b>Total inventory</b>	<b>\$ 74,922</b>	<b>\$ 70,624</b>

During the third quarter of 2024, we identified certain component parts that were no longer expected to be utilized to manufacture, refurbish, or support certain of our end-of-life electronic gaming devices, as discussed in [“Note 9 — Property and Equipment.”](#) As a result, we increased our Games segment inventory reserves by approximately \$3.5 million, of which \$3.0 million was included within Gaming Operations Cost of Revenues and \$0.5 million was included within Gaming Equipment and Systems Cost of Revenues of our Statements of Operations.

We also determined that the expected utility of certain firm purchase commitments in our Games segment had declined resulting in a charge of approximately \$3.8 million, which was included within Operating Expenses of our Statements of Operations.

## 9. PROPERTY AND EQUIPMENT

Property and equipment consist of the following (in thousands):

	Useful Life (Years)	At September 30, 2024			At December 31, 2023		
		Cost	Accumulated Depreciation	Net Book Value	Cost	Accumulated Depreciation	Net Book Value
<b>Property and equipment</b>

<b>Total</b>		<b>\$ 474,547</b>	<b>\$ 310,916</b>	<b>\$ 163,631</b>	<b>\$ 463,863</b>	<b>\$ 311,159</b>	<b>\$ 152,704</b>

Depreciation expense related to property and equipment totaled approximately \$28.2 million and \$67.9 million for the three and nine months ended September 30, 2024, respectively, and \$19.9 million and \$58.4 million for the three and nine months ended September 30, 2023, respectively.

During the third quarter of 2024, we determined that certain returned, end-of-life electronic gaming devices reflected in our Games segment were not likely to be re-deployed, primarily due to increased demand for our newer gaming devices, together with uncertainty in light of the Proposed Transaction discussed in [“Note 5 — Business Combinations.”](#) As a result, we shortened the remaining useful lives of these returned, end-of-life, electronic gaming devices and recorded a charge of approximately \$6.4 million, which was included within Depreciation Expense of our Statements of Operations.

## 10. GOODWILL AND OTHER INTANGIBLE ASSETS

### Goodwill

Goodwill represents the excess of the purchase price over the identifiable tangible and intangible assets acquired plus liabilities assumed arising from business combinations. The balance of goodwill was approximately \$738.0 million and \$737.8 million at September 30, 2024 and December 31, 2023, respectively.

### Other Intangible Assets

Other intangible assets consist of the following (in thousands):

	Useful Life (Years)	At September 30, 2024			At December 31, 2023		
		Cost	Accumulated Amortization	Net Book Value	Cost	Accumulated Amortization	Net Book Value

## **Credit Facilities**

Our senior secured credit facilities consist of: (i) a seven-year \$600 million senior secured term loan due 2028 issued at 99.75% of par (the “Term Loan”); and (ii) a \$125 million senior secured revolving credit facility due 2026, which was undrawn at closing (the “Revolver” and together with the Term Loan, the “Credit Facilities”). The Company, as borrower, entered into the credit agreement dated as of August 3, 2021, among the Company, the lenders party thereto and Jefferies Finance LLC, as administrative agent, collateral agent, swing line lender and a letter of credit issuer (the “Original Credit Agreement”).

On June 23, 2023, the Company entered into the first amendment (the “Amendment”) to the Original Credit Agreement (as amended, the “Amended Credit Agreement”), among Everi, as borrower, the lenders party thereto and Jefferies Finance LLC, as administrative agent, collateral agent, swing line lender and letter of credit issuer. Under the Amended Credit Agreement, the Secured Overnight Financing Rate (“SOFR”) replaced the Eurodollar Rate for all purposes under the Original Credit Agreement and under any other Loan Document (as defined therein) on July 1, 2023, when the ICE Benchmark Administration ceased to provide all available tenors of the Eurodollar Rate. In connection with such implementation of SOFR, the Company and Jefferies Finance LLC agreed to make conforming changes to the relevant provisions of the Original Credit Agreement, as reflected in the Amended Credit Agreement.

On November 2, 2023, the Company entered into the second amendment (the “Second Amendment”), effective November 9, 2023, to the Original Credit Agreement and the Amended Credit Agreement (as amended, the “Credit Agreement”), among Everi, as borrower, the lenders party thereto and Jefferies Finance LLC, as administrative agent, collateral agent, swing line lender and letter of credit issuer. Under the Amended Credit Agreement, capitalized terms not otherwise defined in this Second Amendment have the same meanings as specified in the Original Credit Agreement or the Amended Credit Agreement, as the context may require; and pursuant to the Amended Credit Agreement, the borrower and the administrative agent jointly identified certain obvious errors of a technical nature in the Amended Credit Agreement and have agreed to amend the Amended Credit Agreement to correct such errors.

The interest rate per annum applicable to the Credit Facilities will be, at the Company’s option, either the SOFR, inclusive of the credit spread adjustment (“CSA”) with a 0.50% floor plus a margin of 2.50%, or the base rate plus a margin of 1.50%. In addition, the CSA is recorded as interest expense that varies for the applicable interest period, with an adjustment of 0.1% for interest periods of one month, an adjustment of 0.3% for interest periods of two months and an adjustment of 0.4% for interest periods of three months. Our Revolver remained fully undrawn as of September 30, 2024.

The weighted average interest rate on the Term Loan was 7.92% and 7.94% for the three and nine months ended September 30, 2024, respectively.

## **Senior Unsecured Notes**

Our senior unsecured notes issued in 2021 (the “2021 Unsecured Notes”) had an outstanding balance of \$400.0 million as of September 30, 2024 that accrues interest at a rate of 5.00% per annum and is payable semi-annually in arrears on each January 15 and July 15.

## **Compliance with Debt Covenants**

We were in compliance with the covenants and terms of the Credit Facilities and the 2021 Unsecured Notes as of September 30, 2024.

## 12. COMMITMENTS AND CONTINGENCIES

We are involved in various legal proceedings in the ordinary course of our business. In addition, following the announcement of the Proposed Transaction, three purported stockholders of Everi filed complaints alleging that the definitive proxy statement for the Special Meeting of Everi stockholders omitted or misstated material information with respect to the Proposed Transaction and seeking supplemental disclosures and other equitable and legal relief. The complaints are entitled *Clancy v. Everi Holdings Inc., et al.*, No. 1:24-cv-07255-AS (S.D.N.Y. filed Sept. 25, 2024), *Marino v. Everi Holdings Inc., et al.*, No. tc241024-69 (N.Y. S. Ct. filed Oct. 24, 2024) and *Miller v. Everi Holdings Inc., et al.*, docket no. unassigned (N.Y. S. Ct. filed Oct. 25, 2024) (the “Complaints”). Thirteen other purported stockholders of Everi have sent demand letters to the Company making allegations and demands similar to those in the Complaints. It is possible that other complaints will be filed or demand letters received. While we believe resolution of the claims brought against us, both individually and in the aggregate, will not have a material adverse impact on our financial condition or results of operations, litigation of this nature is inherently unpredictable. Our views on these legal proceedings, including those described below, may change in the future. We intend to vigorously defend against these actions, and ultimately believe that we should prevail.

### Legal Contingencies

We evaluate matters and record an accrual for legal contingencies when it is both probable that a liability has been incurred and the amount or range of the loss may be reasonably estimated. We evaluate legal contingencies at least quarterly and, as appropriate, establish new accruals or adjust existing accruals to reflect: (i) the facts and circumstances known to us at the time, including information regarding negotiations, settlements, rulings, and other relevant events and developments; (ii) the advice and analyses of counsel; and (iii) the assumptions and judgment of management. Legal costs associated with such proceedings are expensed as incurred. Due to the inherent uncertainty of legal proceedings as a result of the procedural, factual, and legal issues involved, the outcomes of our legal contingencies could result in losses in excess of amounts we have accrued.

#### *NRT matter:*

*NRT Technology Corp., et al. v. Everi Holdings Inc., et al.* is a civil action filed on April 30, 2019 against Everi Holdings and Everi FinTech in the United States District Court for the District of Delaware by NRT Technology Corp. and NRT Technology, Inc., alleging monopolization of the market for unmanned, integrated kiosks in violation of federal antitrust laws, fraudulent procurement of patents on functionality related to such unmanned, integrated kiosks and sham litigation related to prior litigation brought by Everi FinTech (operating as Global Cash Access Inc.) against the plaintiff entities. The plaintiffs are seeking compensatory damages, treble damages, and injunctive and declaratory relief. Discovery is closed. The court removed the case from the September trial calendar and requested briefs from the parties on relevant legal issues. Briefing was completed in December 2022. The parties are awaiting further guidance from the court. Due to the current stage of the litigation, we are unable to estimate the probability of the outcome of this matter or reasonably estimate the range of possible damages, if any.

#### *Zenergy Systems, LLC matter:*

*Zenergy Systems, LLC v. Everi Payments Inc.* is a civil action filed on May 29, 2020, against Everi FinTech in the United States District Court for the District of Nevada, Clark County by Zenergy Systems, LLC (“Zenergy”), alleging breach of contract, breach of a non-disclosure agreement, conversion, breach of the covenant of good faith and fair dealing, and breach of a confidential relationship related to a contract with Everi FinTech that expired in November 2019. The plaintiff is seeking compensatory and punitive damages. Everi FinTech has counterclaimed against Zenergy alleging breach of contract, breach of implied covenant of good faith and fair dealing, and for declaratory relief. The parties participated in mediation on March 21, 2023. No settlement was reached at mediation. The parties filed a joint motion to set a firm trial date which the court granted. The case is on the court's May 28, 2025 trial calendar. Due to the current stage of the litigation, we are unable to estimate the probability of the outcome of this matter or reasonably estimate the range of possible damages, if any.

*Mary Parrish matter:*

*Mary Parrish v. Everi Holdings Inc., et al.* is a civil action filed on December 28, 2021, against Everi Holdings and Everi FinTech in the District Court of Nevada, Clark County by Mary Parrish alleging violation of the Fair and Accurate Credit Transactions Act (FACTA) amendment to the Fair Credit Reporting Act (FCRA). Plaintiff's complaint alleges she received a printed receipt for cash access services performed at an Everi Payments' ATM which displayed more than four (4) digits of the account number. Plaintiff seeks statutory damages, punitive damages, injunctive relief, attorneys' fees, and other relief. Everi filed a Petition for Removal to the United States District Court, District of Nevada. On May 4, 2023, the United States District Court entered an order remanding the case to the District Court of Nevada, Clark County. On August 16, 2024, a settlement conference was held wherein the parties reached a resolution. The court entered an order of dismissal on September 11, 2024. This matter is now closed.

In addition, we have commitments with respect to certain lease obligations discussed in [“Note 4 — Leases,”](#) installment payments under our purchase agreements discussed in [“Note 5 — Business Combinations,”](#) and debt obligations discussed in [“Note 11 — Long-Term Debt.”](#)

### 13. STOCKHOLDERS' EQUITY

On May 3, 2023, our Board of Directors authorized and approved a share repurchase program in an amount not to exceed \$180 million, pursuant to which we were authorized to purchase outstanding Company common stock in open market or privately negotiated transactions over a period of eighteen (18) months through November 3, 2024, in accordance with Company and regulatory policies and trading plans established in accordance with Rules 10b5-1 and 10b-18 of the Securities Exchange Act of 1934, as amended.

On May 2, 2024, the Board of Directors canceled the share repurchase program. As of May 2, 2024, the Company had repurchased \$100.0 million of Company common stock under the \$180 million authorized share repurchase program.

No shares were repurchased during the three and nine months ended September 30, 2024, and 2.4 million and 5.1 million shares were repurchased during the three and nine months ended September 30, 2023, respectively.

### 14. WEIGHTED AVERAGE SHARES OF COMMON STOCK

The weighted average number of common stock outstanding used in the computation of basic and diluted (loss) earnings per share is as follows (in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2024	2023	2024	2023
<b>Weighted average shares</b>				
Weighted average number of common shares outstanding - basic	85,525	87,221	84,609	87,925
Potential dilution from equity awards <sup>(1)</sup>	—	4,024	3,105	5,237
<b>Weighted average number of common shares outstanding - diluted<sup>(1)</sup></b>	<b>85,525</b>	<b>91,245</b>	<b>87,714</b>	<b>93,162</b>

1. We were in a net loss position for the three months ended September 30, 2024; therefore, no potential dilution from the application of the treasury stock method was applicable for the period. The potential dilution excludes the weighted average effect of equity awards to purchase approximately 0.9 million shares that were anti-dilutive under the treasury stock method for the three months ended September 30, 2024. There were 0.8 million shares that were anti-dilutive under the treasury stock method for the nine months ended September 30, 2024 and 0.6 million and 0.2 million shares that were anti-dilutive under the treasury stock method for the three and nine months ended September 30, 2023, respectively.

## 15. SHARE-BASED COMPENSATION

### Equity Incentive Awards

Generally, we grant the following types of awards: (i) restricted stock units with either time- or performance-based criteria; and (ii) time-based options. We estimate forfeiture amounts based on historical patterns.

A summary of award activity is as follows (in thousands):

	Stock Options	Restricted Stock Units
<b>Outstanding, December 31, 2023</b>	4,804	2,464
Granted	109	1,473
Exercised options or vested shares	(1,390)	(917)
Canceled or forfeited	(175)	(201)
<b>Outstanding, September 30, 2024</b>	<u>3,348</u>	<u>2,819</u>

There were approximately 4.5 million awards of our common stock available for future equity grants under our existing equity incentive plan at September 30, 2024, which included 3.6 million additional shares approved by our stockholders during the second quarter of 2024.

## 16. INCOME TAXES

The income tax benefit for the three months ended September 30, 2024 reflected an effective income tax rate of 64.2%, which was greater than the statutory federal rate of 21.0%, primarily due to a research credit, the benefit from equity award activities and the 2023 federal return-to-provision adjustments recorded in the current reporting period, partially offset by a valuation allowance on certain deferred tax assets. The income tax benefit for the nine months ended September 30, 2024 reflected an effective income tax rate of negative 9.5%, which was less than the statutory federal rate of 21.0%, primarily due to a research credit and the 2023 federal return-to-provision adjustments recorded in the current reporting period, partially offset by state taxes and a valuation allowance on certain deferred tax assets. The income tax provision for the three and nine months ended September 30, 2023 reflected an effective income tax rate of 18.1% and 17.7%, respectively, which was less than the statutory federal rate of 21.0%, respectively, primarily due to a research credit and the benefit from equity award activities, partially offset by state taxes and compensation deduction limitations.

We have analyzed our positions in the federal, state and foreign jurisdictions where we are required to file income tax returns, as well as the open tax years in these jurisdictions. As of September 30, 2024, we recorded approximately \$5.2 million of unrecognized tax benefits, all of which would impact our effective tax rate, if recognized. We do not anticipate that our unrecognized tax benefits will materially change within the next 12 months.

## 17. SEGMENT INFORMATION

Operating segments are components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision-making group (the "CODM"). Our CODM consists of the Chief Executive Officer and the Chief Financial Officer. Our CODM determined that our operating segments for conducting business are: (i) Games and (ii) FinTech. Our CODM allocates resources and measures profitability based on our operating segments, which are managed and reviewed separately, as each represents products and services that can be sold separately to our customers. Our segments are monitored by management for performance against our internal forecasts. We have reported our financial performance based on our segments in both the current and prior periods. Refer to ["Note 1 – Business"](#) for additional information regarding our operating segments.

Corporate overhead expenses have been allocated to the segments either through specific identification or based on a reasonable methodology. In addition, we record depreciation and amortization expenses to the business segments.

Our business is predominantly domestic with no specific regional concentrations that were material to our results of operations or financial condition, and no significant assets in foreign locations.

The following tables present segment information (in thousands)\*:

## **Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations.**

*In this filing, we refer to: (i) our unaudited condensed consolidated financial statements and notes thereto as our “Financial Statements,” (ii) our unaudited Condensed Consolidated Statements of Operations and Comprehensive (Loss) Income as our “Statements of Operations,” (iii) our unaudited Condensed Consolidated Balance Sheets as our “Balance Sheets,” (iv) our unaudited Condensed Consolidated Statements of Cash Flows as our “Statements of Cash Flows,” and (v) our Management’s Discussion and Analysis of Financial Condition and Results of Operations as our “Results of Operations.”*

### **Cautionary Information Regarding Forward-Looking Statements**

The following Management’s Discussion and Analysis of Financial Condition and Results of Operations contains “forward-looking” statements as defined in the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements are neither historical facts nor assurances of future performance, but instead are based only on our current beliefs, expectations, and assumptions regarding the future of our business, plans and strategies, projections, anticipated events and trends, the economy, and other future conditions, including the Proposed Transaction (defined below) as of the date on which this report is filed. Forward-looking statements often, but do not always, contain words such as “expect,” “anticipate,” “aim to,” “designed to,” “intend,” “plan,” “believe,” “goal,” “target,” “future,” “assume,” “estimate,” “indication,” “seek,” “project,” “may,” “can,” “could,” “should,” “favorably positioned,” or “will” and other words and terms of similar meaning. Readers are cautioned not to place undue reliance on the forward-looking statements contained herein, which are based only on information currently available to us and only as of the date hereof. We undertake no obligation to update or publicly revise any forward-looking statements as a result of new information, future developments or otherwise.

Forward-looking statements are subject to inherent risks, uncertainties, and changes in circumstances that are often difficult to predict and many of which are beyond our control, including, but not limited to, statements regarding trends, developments, and uncertainties impacting our business, including our ability to withstand: macro-economic impacts on consumer discretionary spending, interest rates and interest expense; global supply chain disruption; inflationary impact on supply chain costs; inflationary impact on labor costs and retention; equity incentive activity and compensation expense; our ability to maintain revenue, earnings, and cash flow momentum or lack thereof; changes in global market, business and regulatory conditions whether as a result of a pandemic, or other economic or geopolitical developments around the world, including availability of discretionary spending income of casino patrons as well as expectations for the closing or re-opening of casinos; product and technological innovations that address customer needs in a new and evolving operating environment or disrupt the industry, such as generative artificial intelligence; to enhance shareholder value in the long-term; trends in gaming operator and patron usage of our products; benefits realized by using our products and services; benefits and/or costs associated with mergers, acquisitions, and/or strategic alliances; the Proposed Transaction, including the anticipated timing of the closing of the Proposed Transaction and the anticipated delisting and deregistration of Everi’s common stock; product development, including the benefits from the release of new products, new product features, product enhancements, or product extensions; regulatory approvals and changes; gaming, financial regulatory, legal, card association, and statutory compliance and changes; the implementation of new or amended card association and payment network rules or interpretations; consumer collection activities; competition (including consolidations); tax liabilities; borrowings and debt repayments; goodwill impairment charges; international expansion or lack thereof; resolution of litigation (including litigation in connection with the Proposed Transaction) or government investigations; our share repurchase and dividend policy; new customer contracts and contract renewals or lack thereof; and financial performance and results of operations (including revenue, expenses, margins, earnings, cash flow, and capital expenditures).

Our actual results and financial condition may differ materially from those indicated in forward-looking statements, and important factors that could cause them to do so include, but are not limited to, the following: our ability to generate profits in the future and to create incremental value for shareholders; our ability to withstand economic slowdowns, inflationary and other economic factors that pressure discretionary consumer spending; our ability to execute on mergers, acquisitions, and/or strategic alliances, including our ability to integrate and operate such acquisitions or alliances consistent with our forecasts in order to achieve future growth; our ability to execute on key initiatives and deliver ongoing improvements; expectations regarding growth

for the Company's installed base and daily win per unit; expectations regarding placement fee agreements; inaccuracies in underlying operating assumptions; our ability to withstand direct and indirect impacts of a pandemic outbreak, or other public health crises of uncertain duration on our business and the businesses of our customers and suppliers, including as a result of actions taken in response to governments, regulators, markets and individual consumers; changes in global market, business, and regulatory conditions arising as a result of economic, geopolitical and other developments around the world, including a global pandemic, increased conflict and political turmoil, capital market disruptions and instability of financial institutions, climate change or currently unexpected crises or natural disasters; our leverage and the related covenants that restrict our operations; our ability to comply with our debt covenants and our ability to generate sufficient cash to service all of our indebtedness, fund working capital, and capital expenditures; our ability to withstand the loss of revenue during the closure of our customers' facilities; our ability to maintain our current customers; our ability to replace revenue associated with terminated contracts or margin degradation from contract renewals; expectations regarding customers' preferences and demands for future product and service offerings; our ability to successfully introduce new products and services, including third-party licensed content; gaming operator and patron preferences; failure to control product development costs and create successful new products; the overall growth or contraction of the gaming industry; anticipated sales performance; our ability to prevent, mitigate, or timely recover from cybersecurity breaches, attacks, compromises and other security vulnerabilities; national and international economic and industry conditions, including the prospect of a shutdown of the U.S. federal government; changes in gaming regulatory, financial regulatory, legal, card association, and statutory requirements; the impact of evolving legal and regulatory requirements, including emerging environmental, social and governance requirements; regulatory and licensing difficulties, competitive pressures and changes in the competitive environment; operational limitations; changes to tax laws; uncertainty of litigation outcomes; interest rate fluctuations; business prospects; unanticipated expenses or capital needs; the possibility that the conditions to the consummation of the Proposed Transaction will not for any reason be satisfied (including the failure to obtain necessary regulatory and stockholder approvals) in the anticipated timeframe or at all; risks related to the ability to realize the anticipated benefits of the Proposed Transaction; negative effects of the announcement or failure to consummate the Proposed Transaction on the market price of the capital stock of Everi and on Everi's operating results, including that Everi's stock price may decline significantly if the Proposed Transaction is not consummated; the occurrence of any event, change, or other circumstance that could give rise to the termination of the merger agreement for the Proposed Transaction, which in certain circumstances may require Everi to pay a termination fee; significant transaction costs, fees, expenses, and charges in connection with the Proposed Transaction; operating costs, customer loss, and business disruption (including, without limitation, difficulties in maintaining employee, customer, or other business, contractual, or operating relationships following the announcement or closing of the Proposed Transaction and the diversion of Everi management's attention from its ongoing business); failure to consummate or delay in consummating the Proposed Transaction for any reason; technological obsolescence and our ability to adapt to evolving technologies, including generative artificial intelligence; employee hiring, turnover and retention; our ability to comply with regulatory requirements under the Payment Card Industry Data Security Standards and maintain our certified status; and those other risks and uncertainties discussed in "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Item 1A. Risk Factors" of our Annual Report on Form 10-K for the year ended December 31, 2023 (the "Annual Report") and "Item 1A. Risk Factors" of this Quarterly Report on Form 10-Q. Given these risks and uncertainties, there can be no assurance that the forward-looking information contained in this Quarterly Report on Form 10-Q will in fact transpire or prove to be accurate.

This Quarterly Report on Form 10-Q should be read in conjunction with our Annual Report and with the information included in our other press releases, reports, and other filings with the Securities and Exchange Commission ("SEC"). Understanding the information contained in these filings is important in order to fully understand our reported financial results and our business outlook for future periods.

## Overview

Everi develops and offers products and services that provide gaming entertainment, improve our customers' patron engagement, and help our casino customers operate their businesses more efficiently. We develop and supply entertaining game content, gaming machines and gaming systems and services for land-based and iGaming operators. Everi is a leading innovator and provider of trusted financial technology solutions that power casino floors, improve operational efficiencies, and help fulfill regulatory requirements. The Company also develops and supplies player loyalty tools and mobile-first applications that enhance patron engagement for our customers and venues in the casino, sports, entertainment, and hospitality industries. In addition, the Company provides bingo solutions through its consoles, electronic gaming tablets and related systems.

Everi reports its financial performance, and organizes and manages its operations, across the following two business segments: (i) Games and (ii) FinTech.

Everi Games provides gaming operators with gaming technology and entertainment products and services, including: (i) gaming machines, primarily comprising Class II, Class III and Historic Horse Racing ("HHR") slot machines placed under participation and fixed-fee lease arrangements or sold to casino customers; (ii) providing and maintaining the central determinant systems for the video lottery terminals ("VLTs") installed in the State of New York and similar technology in certain tribal jurisdictions; (iii) business-to-business ("B2B") digital online gaming activities; and (iv) bingo solutions through consoles, integrated electronic gaming tablets and related systems.

Everi FinTech provides gaming operators with financial technology products and services, including: (i) financial access and related services supporting digital, cashless and physical cash options across mobile, assisted and self-service channels; (ii) loyalty and marketing software and tools, regulatory and compliance ("RegTech") software solutions, other information-related products and services, and hardware maintenance services; and (iii) associated casino patron self-service hardware that utilizes our financial access, software and other services. We also develop and offer mobile-first applications aimed at enhancing patron engagement for customers in the casino, sports, entertainment, and hospitality industries. Our solutions are secured using an end-to-end security suite to protect against cyber-related attacks, allowing us to maintain appropriate levels of security. These solutions include: access to cash and cashless funding at gaming facilities via Automated Teller Machine ("ATM") debit withdrawals, credit card financial access transactions, and point of sale ("POS") debit card purchases at casino cages, kiosk and mobile POS devices; accounts for the CashClub Wallet, check warranty services, self-service loyalty and fully integrated kiosk maintenance services; self-service loyalty tools and promotion management software; compliance, audit, and data software; casino credit data and reporting services; marketing and promotional offering subscription-based services; and other ancillary offerings.

## Additional Items Impacting Comparability of Results of Operations and Financial Condition

Our Financial Statements included in this report reflect the following additional items impacting the comparability of results of operations and financial condition:

During the third quarter of 2024, we determined that certain returned, end-of-life electronic gaming devices reflected in our Games segment were not likely to be re-deployed, primarily due to increased competition and demand for newer machines, together with uncertainty in light of the Proposed Transaction discussed in ["Note 5 — Business Combinations"](#) included in *Part I, Item 1: Financial Statements* of this Quarterly Report on Form 10-Q. As a result, we shortened the remaining useful lives of these returned, end-of-life, electronic gaming devices and recorded a charge of approximately \$6.4 million, which was included within Depreciation Expense of our Statements of Operations.

During the third quarter of 2024, we identified certain component parts that were no longer expected to be utilized to manufacture, refurbish, or support certain of our end-of-life electronic gaming devices, as discussed in ["Note 9 — Property and Equipment"](#) included in *Part I, Item 1: Financial Statements* of this Quarterly Report on Form 10-Q. As a result, we increased our Games segment inventory reserves by approximately \$3.5 million, of which \$3.0 million was included within Gaming Operations Cost of

Revenues and \$0.5 million was included within Gaming Equipment and Systems Cost of Revenues of our Statements of Operations.

During the third quarter of 2024, we determined that the expected utility of certain firm purchase commitments in our Games segment had declined resulting in a charge of approximately \$3.8 million, which was included within Operating Expenses of our Statements of Operations. For additional information, see [“Note 8 — Inventory”](#) included in *Part I, Item 1: Financial Statements* of this Quarterly Report on Form 10-Q.

During the third quarter of 2024, the Company entered into definitive agreements with International Game Technology PLC, a public limited company incorporated under the laws of England and Wales (“IGT”), Ignite Rotate LLC, a Delaware limited liability company and a direct wholly owned subsidiary of IGT (“Spinco”), Voyager Parent, LLC, a Delaware limited liability company (“Buyer”), and Voyager Merger Sub, Inc., a Delaware corporation and a direct wholly owned subsidiary of Buyer (“Buyer Sub” and together with Buyer, the “Buyer Parties” and each, a “Buyer Party”), whereby IGT’s Gaming & Digital business (“IGT Gaming”) and Everi will be simultaneously acquired by Buyer, a newly formed holding company owned by funds managed by affiliates of Apollo Global Management, Inc. (“Apollo”), in an all-cash transaction (the “Proposed Transaction”). In connection with the Proposed Transaction, we incurred transaction costs of approximately \$4.6 million and \$5.4 million during the three and nine months ended September 30, 2024, respectively, and employee retention costs of approximately \$2.4 million and \$7.8 million during the three and nine months ended September 30, 2024, respectively. For additional information, see [“Note 5 — Business Combinations”](#) included in *Part I, Item 1: Financial Statements* of this Quarterly Report on Form 10-Q.

During the first quarter of 2024, we entered into definitive agreements with, among others, IGT pursuant to which IGT agreed to spin-off a newly created subsidiary, which would own IGT Gaming, with the Company acquiring IGT Gaming in a series of transactions (the “Original Proposed Transaction”). In connection with the Original Proposed Transaction, we incurred transaction costs of approximately \$1.2 million and \$16.2 million during the three and nine months ended September 30, 2024, respectively. On July 26, 2024, each of the definitive agreements for the Original Proposed Transaction was terminated by mutual consent of the respective parties thereto, effective immediately. For additional information, see [“Note 5 — Business Combinations”](#) included in *Part I, Item 1: Financial Statements* of this Quarterly Report on Form 10-Q.

During the second quarter of 2023, we acquired certain strategic assets of VKGS LLC (“Video King”), a privately owned provider of integrated electronic bingo gaming tablets, video gaming content, instant win games and systems. Under the terms of the purchase agreement, we paid the seller approximately \$61.3 million, inclusive of a net working capital payment. The acquisition did not have a significant impact on our financial condition or results of operations as of and for the period ended September 30, 2024. For additional information, see [“Note 5 — Business Combinations”](#) included in *Part I, Item 1: Financial Statements* of this Quarterly Report on Form 10-Q.

## **Trends and Developments Impacting our Business**

Below we have identified a development that could have a material impact on our business:

Following the closing of the Proposed Transaction, IGT Gaming and Everi will be privately owned companies that are part of one combined enterprise and Everi's common stock will be delisted from the New York Stock Exchange and deregistered under the Securities Exchange Act of 1934, as amended. Under the terms of the agreements, Everi stockholders will receive \$14.25 per share in cash (subject to adjustment for any stock or interest split, division or subdivision of shares, stock dividend, reverse stock split, combination of shares, reclassification, recapitalization, or other similar transaction) and IGT will receive \$4.1 billion of gross cash proceeds for IGT Gaming, subject to customary transaction adjustments in accordance with the definitive agreements (such sale of IGT Gaming, the "Equity Sale"). The acquisitions of IGT Gaming and Everi by Buyer are cross-conditioned. The transaction is subject to customary closing conditions, including the receipt of regulatory approvals and approval by Everi stockholders.

## **Operating Segments**

We report our financial performance within two operating segments: (i) Games; and (ii) FinTech. For additional information on our segments, including information about certain items impacting the comparability of segment results, see ["Note 1 — Business"](#), ["Note 3 — Revenues"](#) and ["Note 17 — Segment Information"](#) included in *Part I, Item 1: Financial Statements* of this Quarterly Report on Form 10-Q.

1. Gaming operations revenues are derived from the installed base of leased machines deployed at customer locations and the daily win per unit generated from these devices.
2. Gaming equipment revenues are derived from the units sold and the average sales prices generated from these machines.
3. Financial access services revenues are based on the total dollars and transactions processed.

## Revenues

Total revenues decreased by approximately \$18.7 million, or 9%, to approximately \$187.9 million for the three months ended September 30, 2024, as compared to the same period in the prior year. This was primarily due to the decline in Games revenues described below.

Games revenues decreased by approximately \$20.0 million, or 18%, to approximately \$91.5 million for the three months ended September 30, 2024, as compared to the same period in the prior year. This change was primarily due to a decrease of units sold, which was partially offset by an increase in the average selling price and is reflected in our gaming equipment and systems revenues. Our gaming operations revenues declined due to a reduction in the daily win per unit and a unit decline in the average units installed.

FinTech revenues increased by approximately \$1.2 million, or 1%, to approximately \$96.3 million for the three months ended September 30, 2024, as compared to the same period in the prior year. This change was primarily due to additional revenues from software sales and support related services attributable to our kiosk and loyalty solutions reflected in our software and other revenues, in addition to an increase compared to the same period of the prior year in transaction and dollar volumes processed, which are reflected in our financial access services revenues for the three months ended September 30, 2024. The increase in FinTech revenues was partially offset by a decrease in unit sales of kiosk and loyalty units reflected in our hardware revenues for the three months ended September 30, 2024, as compared to the same period in the prior year.

## Costs and Expenses

Total costs and expenses increased by approximately \$22.3 million, or 14%, to approximately \$176.4 million for the three months ended September 30, 2024, as compared to the same period in the prior year. This was primarily due to the expenses described below.

Games cost of revenues decreased by approximately \$1.3 million, or 5%, to approximately \$27.3 million for the three months ended September 30, 2024, as compared to the same period in the prior year. This change was primarily due to the reduced variable costs associated with lower unit sales reflected in our gaming equipment and systems cost of revenues and reduced gaming operations costs associated with a lower installed base of leased machines. The decrease in Games cost of revenues was partially offset by approximately \$3.5 million related to higher inventory reserves, of which \$3.0 million was included within gaming operations cost of revenues and \$0.5 million was included within gaming equipment and systems cost of revenues.

FinTech cost of revenues increased by approximately \$0.3 million, or 3%, to approximately \$13.7 million for the three months ended September 30, 2024, as compared to the same period in the prior year. This was primarily due to an increase in variable costs related to higher software revenues from our kiosk and loyalty solutions, together with additional costs incurred for our loyalty hardware units. The increase was partially offset by the reduced variable costs of hardware revenues associated with the lower kiosk unit sales, in addition to a decrease in variable costs of financial access services from our check warranty offering.

Operating expenses increased by approximately \$11.7 million, or 19%, to approximately \$72.7 million for the three months ended September 30, 2024, as compared to the same period in the prior year. This was primarily due to \$8.2 million in transaction and related costs. In addition, we recorded a charge of approximately \$3.8 million associated with a decline in the expected utility of certain firm purchase commitments in our Games segment. We also incurred rising expenses of approximately \$0.8 million for software licensing and hardware maintenance and support for our Games and FinTech segments. The increase in operating expenses was partially offset by a reduction of \$1.7 million in non-cash stock-based compensation expense in our Games and FinTech segments.

Research and development expense increased by approximately \$2.3 million, or 14%, to approximately \$18.5 million for the three months ended September 30, 2024, as compared to the same period in the prior year. This change was primarily due to continued investment in new products in our Games and FinTech segments.

Depreciation expense increased by approximately \$8.3 million, or 42%, to approximately \$28.2 million for the three months ended September 30, 2024, as compared to the same period in the prior year. This was primarily associated with a charge of approximately \$6.4 million as a result of shortening of estimated useful lives on certain

returned, end-of-life electronic gaming devices, together with an increase in capital spending in our Games segment.

Amortization expense increased by approximately \$0.9 million, or 6%, to approximately \$16.1 million for the three months ended September 30, 2024, as compared to the same period in the prior year. This was primarily associated with capitalized software costs from development initiatives in both our Games and FinTech segments.

Primarily as a result of the factors described above, our operating income decreased by \$41.0 million, or 78%, for the three months ended September 30, 2024, as compared to the same period in the prior year. The operating income margin was 6% for the three months ended September 30, 2024 compared to an operating income margin of 25% for the same period in the prior year.

Interest expense, net of interest income, decreased by approximately \$1.3 million, or 7%, to approximately \$18.6 million for the three months ended September 30, 2024, as compared to the same period in the prior year. This was primarily due to the approximately \$0.9 million increase in interest income earned on our cash balances, \$0.3 million in lower fund usage fees on currency required to operate our ATMs and \$0.1 million of lower interest expense primarily from lower average balances on our variable debt.

Our income tax provision decreased by approximately \$10.5 million, or 179%, that resulted in an income tax benefit of approximately \$4.6 million for the three months ended September 30, 2024, as compared to the same period in the prior year. The income tax benefit for the three months ended September 30, 2024 reflected an effective income tax rate of 64.2%, which was higher than the statutory federal rate of 21.0%, primarily due to a research credit, the benefit from equity award activities and the 2023 federal return-to-provision adjustments recorded in the current reporting period, which were partially offset by a valuation allowance on certain deferred tax assets. The income tax provision of \$5.9 million for the three months ended September 30, 2023 reflected an effective income tax rate of 18.1%, which was lower than the statutory federal rate of 21.0%, primarily due to a research credit and the benefit from equity award activities, partially offset by state taxes and compensation deduction limitations.

Primarily as a result of the factors described above, we had a net loss of approximately \$2.6 million for the three months ended September 30, 2024, as compared to net income of approximately \$26.6 million for the same period in the prior year.

1. Gaming operations revenues are derived from the installed base of leased machines deployed at customer locations and the daily win per unit generated from these devices.
2. Gaming equipment revenues are derived from the units sold and the average sales prices generated from these machines.
3. Financial access services revenues are based on the total dollars and transactions processed.

## Revenues

Total revenues decreased by approximately \$47.4 million, or 8%, to approximately \$568.4 million for the nine months ended September 30, 2024, as compared to the same period in the prior year. This was primarily due to the decline in Games revenues described below.

Games revenues decreased by approximately \$45.7 million, or 14%, to approximately \$286.3 million for the nine months ended September 30, 2024, as compared to the same period in the prior year. This change was primarily due to a decrease in units sold, which were partially offset by an increase in the average selling price and is reflected in our gaming equipment and systems revenues. Our gaming operations revenues declined due to a reduction in the daily win per unit and a decline in the average number of units in our installed base for the nine months ended September 30, 2024, as compared to the same period in the prior year. The Games total revenue declines were partially offset by the full nine months of revenue earned from our bingo solutions reflecting the May 2023 acquisition of certain strategic assets of Video King as compared to only five months in the prior year, which were primarily reflected in our gaming operations revenues.

FinTech revenues decreased by approximately \$1.7 million, or 1%, to approximately \$282.0 million for the nine months ended September 30, 2024, as compared to the same period in the prior year. This change was primarily due to a decrease in unit sales of our kiosk and loyalty units reflected in our hardware revenues for the nine months ended September 30, 2024, as compared to the same period in the prior year. The decrease compared to the same period in the prior year was partially offset by additional revenues from software sales and support related services attributable to our kiosk, loyalty and compliance solutions reflected in our software and other revenues and an increase in the transaction and dollar volumes processed reflected in our financial access services revenues for the nine months ended September 30, 2024.

## Costs and Expenses

Total costs and expenses increased by approximately \$44.1 million, or 10%, to approximately \$502.1 million for the nine months ended September 30, 2024, as compared to the same period in the prior year. This was primarily due to the expenses described below.

Games cost of revenues decreased by approximately \$8.2 million, or 10%, to approximately \$75.9 million for the nine months ended September 30, 2024, as compared to the same period in the prior year. This change was primarily due to the reduced variable costs associated with lower unit sales reflected in our gaming equipment and systems cost of revenues. The decrease was partially offset by the additional costs related to our installed base of both leased gaming machines and bingo integrated gaming tablets reflected in our gaming operations cost of revenues and approximately \$3.5 million related to higher inventory reserves, of which \$3.0 million was included within gaming operations cost of revenues and \$0.5 million was included within gaming equipment and systems cost of revenues.

FinTech cost of revenues decreased by approximately \$1.2 million, or 3%, to approximately \$40.1 million for the nine months ended September 30, 2024, as compared to the same period in the prior year. This was primarily due to the reduced variable costs of hardware revenues associated with the lower unit sales of kiosk and loyalty units, in addition to a decrease in variable costs of financial access services from our check warranty offering. The decrease was partially offset by an increase in variable costs related to higher software revenues from our kiosk solutions, together with additional loyalty software and support costs.

Operating expenses increased by approximately \$31.1 million, or 17%, to approximately \$212.7 million for the nine months ended September 30, 2024, as compared to the same period in the prior year. This was primarily due to \$29.4 million in transaction and related costs. In addition, we recorded a charge of approximately \$3.8 million associated with a decline in the expected utility of certain firm purchase commitments in our Games segment. We also incurred rising expenses of approximately \$4.4 million for software licensing and hardware maintenance and support for our Games and FinTech segments. The increase in operating expenses was partially offset by a reduction of \$6.7 million in non-cash stock-based compensation expense in our Games and FinTech segments.

Research and development expense increased by approximately \$8.9 million, or 18%, to approximately \$57.8 million for the nine months ended September 30, 2024, as compared to the same period in the prior year. This change was primarily due to our continued investment in new products in our Games and FinTech segments.

Depreciation expense increased by approximately \$9.5 million, or 16%, to approximately \$67.9 million for the nine months ended September 30, 2024, as compared to the same period in the prior year. This was primarily associated with a charge of approximately \$6.4 million as a result of shortening of estimated useful lives on certain returned, end-of-life electronic gaming devices, together with an increase in capital spending in our Games segment.

Amortization expense increased by approximately \$4.0 million, or 9%, to approximately \$47.8 million for the nine months ended September 30, 2024, as compared to the same period in the prior year. This was primarily associated with capitalized software costs from development initiatives in both our Games and FinTech segments.

Primarily as a result of the factors described above, our operating income decreased by \$91.5 million, or 58%, for the nine months ended September 30, 2024, as compared to the same period in the prior year. The operating income margin was 12% for the nine months ended September 30, 2024 compared to an operating income margin of 26% for the same period in the prior year.

Interest expense, net of interest income, decreased by approximately \$2.0 million, or 3%, to approximately \$56.1 million for the nine months ended September 30, 2024, as compared to the same period in the prior year. This was primarily due to the approximately \$2.5 million increase in interest income earned on our cash balances and \$0.9 million in lower fund usage fees on currency required to operate our ATMs, partially offset by \$1.4 million of higher interest expense primarily from higher interest rates on our variable debt.

Our income tax provision decreased by approximately \$18.6 million, or 106%, to an income tax benefit of approximately \$1.0 million for the nine months ended September 30, 2024, as compared to the same period in the prior year. The income tax benefit for the nine months ended September 30, 2024 reflected an effective income tax rate of negative 9.5%, which was lower than the statutory federal rate of 21.0%, primarily due to a research credit and the 2023 federal return-to-provision adjustments, which were partially offset by state taxes and a valuation allowance on certain deferred tax assets. The income tax provision of \$17.6 million for the nine months ended September 30, 2023 reflected an effective income tax rate of 17.7%, which was lower than the statutory federal rate of 21.0%, primarily due to a research credit and the benefit from equity award activities, partially offset by state taxes and compensation deduction limitations.

Primarily as a result of the factors described above, we had net income of approximately \$11.2 million for the nine months ended September 30, 2024, as compared to net income of approximately \$82.1 million for the same period in the prior year.

### **Critical Accounting Estimates**

The preparation of our financial statements in conformity with U.S. generally accepted accounting principles (“GAAP”) requires us to make estimates and assumptions that affect our reported amounts of assets and liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities in our Financial Statements. The SEC has defined critical accounting estimates as those that involve a significant level of estimation uncertainty and have had or are reasonably likely to have a material impact on the financial condition or results of operations of the registrant.

There were no material changes to our critical accounting estimates as compared to those disclosed in our most recently filed Annual Report.

### **Recent Accounting Guidance**

For a description of our recently adopted accounting guidance and recent accounting guidance not yet adopted, see the section entitled “Recent Accounting Guidance” in [“Note 2 — Basis of Presentation and Summary of Significant Accounting Policies”](#) included in *Part I, Item 1: Financial Statements* of this Quarterly Report on Form 10-Q.

## Liquidity and Capital Resources

### Overview

The following table presents an unaudited reconciliation of cash and cash equivalents per GAAP to net cash position and net cash available (in thousands):

<b>Net cash available<sup>(1)</sup></b>	<b>\$ 167,385</b>	<b>\$ 171,100</b>

1. Non-GAAP financial measure. In order to enhance investor understanding of our cash balance, we are providing in this Quarterly Report on Form 10-Q our net cash position and net cash available, which are not measures of financial position under GAAP. Accordingly, these measures should not be considered in isolation or as a substitute for GAAP measures, and should be read in conjunction with our Balance Sheets prepared in accordance with GAAP. Our net cash position is cash and cash equivalents plus settlement receivables less settlement liabilities; and our net cash available is net cash position plus undrawn amounts available under our revolving credit facility. Our net cash position and net cash available change substantially based upon the timing of our receipt of funds for settlement receivables and payments we make to customers for our settlement liabilities. We present these non-GAAP measures as we monitor these amounts in connection with forecasting of cash flows and future cash requirements, both on a short-term and long-term basis.

### Cash Resources

As of September 30, 2024, our cash balance, cash flows, and line of credit are expected to be sufficient to meet our recurring operating commitments and to fund our planned capital expenditures on both a short- and long-term basis. Cash and cash equivalents included cash in non-U.S. jurisdictions of approximately \$25.6 million as of September 30, 2024. Generally, these funds are available for operating and investment purposes within the jurisdiction in which they reside, and we may from time to time consider repatriating these foreign funds to the United States, subject to potential withholding tax obligations, based on operating requirements.

We expect that cash provided by operating activities will also be sufficient for our operating and debt servicing needs during the foreseeable future on both a short- and long-term basis. In addition, we have sufficient borrowings available under our senior secured revolving credit facility to meet further funding requirements. Based upon available information, we believe our lenders should be able to honor their commitments under the Credit Agreement (defined in [“Note 11 — Long-term Debt”](#) included in *Part I, Item 1: Financial Statements* of this Quarterly Report on Form 10-Q).

## Sources and Uses of Cash

The following table presents a summary of our cash flow activity (in thousands):

	Nine Months Ended September 30,		\$ Change 2024 vs 2023
	2024	2023	
<b>Cash flow activities</b>			
Net cash provided by operating activities	\$ 458,935	\$ 161,013	\$ 297,922
Net cash used in investing activities	(123,920)	(156,783)	32,863
Net cash used in financing activities	(4,339)	(84,580)	80,241
Effect of exchange rates on cash and cash equivalents	259	(583)	842
<b>Cash, cash equivalents and restricted cash</b>			
Net increase (decrease) for the period	330,935	(80,933)	411,868
Balance, beginning of the period	272,506	295,063	(22,557)
<b>Balance, end of the period</b>	<b>\$ 603,441</b>	<b>\$ 214,130</b>	<b>\$ 389,311</b>

Cash flows provided by operating activities increased by approximately \$297.9 million for the nine months ended September 30, 2024, as compared to the same period in the prior year. This was primarily due to changes in operating assets and liabilities, mostly associated with settlement activities from our FinTech segment. These receivables and liabilities are generally highly liquid in nature, with settlement receivables collected within one to three days of the financial access transaction performed by the patron and settlement liabilities repaid to our casino customers within three to five days of the original transaction date. As a result of the timing of weekends and holidays in relation to the close of an accounting period, the amount of uncollected settlement receivables and unpaid settlement liabilities can vary greatly. In addition, the changes in other operating assets and liabilities were related to cash receipts and disbursements in the normal course of business in both the Games and FinTech segments.

Cash flows used in investing activities decreased by approximately \$32.9 million for the nine months ended September 30, 2024, as compared to the same period in the prior year. This was primarily attributable to the acquisition activities in the prior year period, partially offset by an increase in capital expenditures from our Games segment in the current year period.

Cash flows used in financing activities decreased by approximately \$80.2 million for the nine months ended September 30, 2024, as compared to the same period in the prior year. This was primarily related to share repurchase activities in the prior year period.

### Long-Term Debt

Our \$125 million senior secured revolving credit facility (the "Revolver") remained fully undrawn and we had an outstanding balance on the \$600 million senior secured term loan (the "Term Loan") of \$580.5 million as of September 30, 2024.

For additional information regarding our credit agreement and other debt as well as interest rate risk refer to *Part I, Item 3: Quantitative and Qualitative Disclosures About Market Risk* and ["Note 11 — Long-Term Debt"](#) included in *Part I, Item 1: Financial Statements* of this Quarterly Report on Form 10-Q.

### Contractual Obligations

There were no material changes to our commitments under contractual obligations as compared to those disclosed in our Annual Report, other than a reduction in certain arrangements of approximately \$38.4 million, primarily from our Games segment, and obligations discussed in ["Note 4 — Leases,"](#) ["Note 5 — Business Combinations,"](#) and ["Note 11 — Long-Term Debt"](#) in *Part I, Item 1: Financial Statements* of this Quarterly Report on Form 10-Q. We expect that cash provided by operating activities will be sufficient to meet such obligations for the foreseeable future.

The reduction in contractual obligations included an accrued charge for the decline in expected utility of certain firm purchase commitments discussed in [“Note 8 — Inventory”](#) in *Part I, Item 1: Financial Statements* of this Quarterly Report on Form 10-Q.

### **Legal Proceedings**

We are involved in various legal proceedings in the ordinary course of our business. In addition, following the announcement of the Proposed Transaction, three purported stockholders of Everi filed complaints alleging that the definitive proxy statement for the Special Meeting of Everi stockholders omitted or misstated material information with respect to the Proposed Transaction and seeking supplemental disclosures and other equitable and legal relief. The complaints are entitled *Clancy v. Everi Holdings Inc., et al.*, No. 1:24-cv-07255-AS (S.D.N.Y. filed Sept. 25, 2024), *Marino v. Everi Holdings Inc., et al.*, No. tc241024-69 (N.Y. S. Ct. filed Oct. 24, 2024) and *Miller v. Everi Holdings Inc., et al.*, docket no. unassigned (N.Y. S. Ct. filed Oct. 25, 2024) (the “Complaints”). Thirteen other purported stockholders of Everi have sent demand letters to the Company making allegations and demands similar to those in the Complaints. It is possible that other complaints will be filed or demand letters received. While we believe resolution of the claims brought against us, both individually and in the aggregate, will not have a material adverse impact on our financial condition or results of operations, litigation of this nature is inherently unpredictable. Our views on these legal proceedings, including those described in [“Note 12 — Commitments and Contingencies”](#) in *Part I, Item 1: Financial Statements* of this Quarterly Report on Form 10-Q may change in the future. We intend to defend against these actions, and ultimately believe that we should prevail.

### **Off-Balance Sheet Arrangements**

In the normal course of business, we have commercial arrangements with third-party vendors to provide cash for certain of our ATMs. For the use of these funds, we pay a usage fee on either the average daily balance of funds utilized multiplied by a contractually defined usage rate or the amounts supplied multiplied by a contractually defined usage rate. These usage fees, reflected as interest expense within the Statements of Operations, were approximately \$4.8 million and \$14.4 million for the three and nine months ended September 30, 2024, respectively, and \$5.1 million and \$15.3 million for the three and nine months ended September 30, 2023, respectively. The usage fees decreased in the current reporting period as compared to the same period in the prior year as a result of lower average daily balances of supplied vault cash at our customer locations, partially offset by higher interest rates as a result of macro-economic conditions. We are exposed to interest rate risk to the extent that the applicable federal funds rate increases.

Under these agreements, the currency supplied by third-party vendors remains their sole property until the funds are dispensed. As these funds are not our assets, supplied cash is not reflected on our Balance Sheets.

Our primary commercial arrangement, the Contract Cash Solutions Agreement, as amended, is with Wells Fargo, N.A. (“Wells Fargo”). Wells Fargo provides us with cash up to \$450 million with the ability to increase the amount permitted by the vault cash provider. The term of the agreement expires on December 1, 2026 and will automatically renew for additional one-year periods unless either party provides a ninety-day written notice of its intent not to renew. The outstanding balances of funds provided in connection with the agreement were approximately \$230.5 million and \$388.5 million as of September 30, 2024 and December 31, 2023, respectively.

We are responsible for any losses of cash in the fund dispensing devices under this agreement, and we self-insure for this risk. We incurred no material losses related to this self-insurance for the three and nine months ended September 30, 2024 and 2023, respectively.

### **Effects of Inflation**

Our monetary assets that primarily consist of cash, receivables, inventory, as well as our non-monetary assets that are mostly comprised of goodwill and other intangible assets, are not significantly affected by inflation. We believe that replacement costs of equipment, furniture, and leasehold improvements will not materially affect our operations. However, the rate of inflation affects our operating expenses, such as those for salaries and benefits, armored carrier expenses, telecommunications expenses, and equipment repair and maintenance services, which

may not be readily recoverable in the financial terms under which we provide our Games and FinTech products and services to gaming operators.

### **Item 3. Quantitative and Qualitative Disclosures about Market Risk.**

There have been no material changes in our reported market risks or risk management policies since the filing of our Annual Report.

In the normal course of business, we are exposed to foreign currency exchange risk. We operate and conduct business in foreign countries and, as a result, are exposed to movements in foreign currency exchange rates. Our exposure to foreign currency exchange risk related to our foreign operations is not material to our results of operations, cash flows, or financial condition. At present, we do not hedge this exposure; however, we continue to evaluate such foreign currency exchange risk.

In the normal course of business, we have commercial arrangements with third-party vendors to provide cash for certain of our fund dispensing devices. Under the terms of these agreements, we pay a monthly fund usage fee that is generally based upon the target federal funds rate. We are, therefore, exposed to interest rate risk to the extent that the target federal funds rate increases. The outstanding balance of funds provided by our primary third-party vendor was approximately \$230.5 million as of September 30, 2024; therefore, each 100 basis points increase in the target federal funds rate would have approximately a \$2.3 million impact on income before tax over a 12-month period.

The senior secured term loan and senior secured revolving credit facility (“Credit Facilities”) bear interest at rates that can vary over time. We have the option of paying interest on the outstanding amounts under the Credit Facilities using a base rate or a benchmark rate, the secured overnight financing rate (“SOFR”). We have historically elected to pay interest based on the benchmark rate, and we expect to continue to do so for various maturities.

The weighted average interest rate on the Term Loan, which includes a 50 basis point floor, was 7.92% and 7.94% for the three and nine months ended September 30, 2024, respectively. Based upon the outstanding balance of the Term Loan of \$580.5 million as of September 30, 2024, each 100 basis points increase in the applicable SOFR would have a combined impact of approximately \$5.8 million on interest expense over a 12-month period.

The interest rate is fixed at 5.00% for our senior unsecured notes due 2029; therefore, changing interest rates have no impact on the related interest expense.

At present, we do not hedge the risk related to the changes in the interest rate; however, we continue to evaluate such interest rate exposure.

### **Item 4. Controls and Procedures.**

#### **Evaluation of Disclosure Controls and Procedures**

The Company’s management, with the participation of the principal executive officer and the principal financial officer, have evaluated the effectiveness of the Company’s disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”)) as of the end of the period covered by this report. Based on such evaluation, the Chief Executive Officer and the Chief Financial Officer have concluded that the Company’s disclosure controls and procedures were effective as of September 30, 2024 such that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is (i) recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, and (ii) accumulated and communicated to the Company’s management, including its principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosures.

**Changes in Internal Control over Financial Reporting during the Quarter Ended September 30, 2024**

There were no changes in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) that occurred during the period covered by this report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## PART II. OTHER INFORMATION

### Item 1. Legal Proceedings.

A discussion of our legal proceedings is contained in [“Note 12 — Commitments and Contingencies”](#) in *Part I, Item 1: Financial Statements* of this Quarterly Report on Form 10-Q.

### Item 1A. Risk Factors.

We refer you to documents filed by us with the SEC; specifically, “Item 1A. Risk Factors” in our most recently filed Annual Report and “Risk Factors” in our Quarterly Report on Form 10-Q filed on August 7, 2024, which identify material factors that make an investment in us speculative or risky and could materially affect our business, financial condition and future results. We also refer you to the factors and cautionary language set forth in the section entitled “Cautionary Information Regarding Forward-Looking Statements” in [“Item 2. Management’s Discussion and Analysis of Financial Conditions and Results of Operations”](#) of this Quarterly Report on Form 10-Q. This Quarterly Report, including the accompanying Financial Statements, should be read in conjunction with such risks and other factors for a full understanding of our operations and financial condition. The risks described in our Annual Report and Quarterly Report on Form 10-Q filed on August 7, 2024 are not the only risks facing us. Additional risks and uncertainties not currently known to us, or that we currently deem to be immaterial, also may materially adversely affect our business, financial condition or operating results. The risk factors included in our Annual Report have not materially changed, except as reflected in the following new risk factors:

#### ***The announcement and pendency of the Proposed Transaction could adversely impact our business, financial condition, and results of operations.***

On July 26, 2024, we entered into definitive agreements with IGT, Spinco, Buyer, and Buyer Sub, whereby we and IGT Gaming are expected to be simultaneously acquired by Buyer, a newly formed holding company owned by funds managed by affiliates of Apollo, in an all-cash transaction (the “Proposed Transaction”). Uncertainty about the effect of the Proposed Transaction on our employees, customers, and other parties may have an adverse effect on our business, financial condition, and results of operations regardless of whether the Proposed Transaction is completed. These risks to our business in connection with the Proposed Transaction include the following, all of which could be exacerbated by a delay in the consummation of the Proposed Transaction:

- the diversion of significant management time and resources from our ongoing business and operations as a result of the devotion of management’s attention to the Proposed Transaction;
- the impairment of our ability to retain, hire, and motivate our employees, including key personnel;
- operating costs, customer loss, and business disruption (including, without limitation, difficulties in maintaining employee, customer, or other business, contractual, or operational relationships following the announcement of the Proposed Transaction);
- delays or deferments of certain business decisions by our customers, suppliers, and other business partners;
- the inability to pursue alternative business opportunities or make appropriate changes to our business because, subject to certain exceptions, the merger agreement in connection with the Proposed Transaction (the “Merger Agreement”) requires us to use reasonable best efforts to conduct our business and operations in all material respects in the ordinary course of business consistent with past practice and to preserve intact in all material respects the material components of our business organization and to maintain satisfactory relations with key customers, key suppliers, material licensors, and governmental authorities with whom we and our subsidiaries have significant business relationships or regulatory relationships, to use commercially reasonable efforts to maintain satisfactory relations with all other customers, suppliers, and licensors, and to not engage in certain material transactions prior to the completion of the Proposed Transaction;

- the occurrence of any event, change, or other circumstance that could give rise to the termination of the Merger Agreement, which in certain circumstances may require us to pay a termination fee;
- litigation matters relating to the Proposed Transaction, including the nature, costs, and outcome of pending and any future litigation and other legal proceedings related to the Proposed Transaction;
- the incurrence of significant costs, fees, and expenses for professional services and other transaction costs in connection with the Proposed Transaction; and
- potential negative reactions from the financial markets.

In addition, any acquisition, merger, disposition, strategic investment, or similar activity may disrupt our ongoing operations, divert management from their primary responsibilities, subject us to additional liabilities, increase our expenses, and otherwise adversely impact our business, financial condition, and results of operations. We may not achieve any or all of the anticipated financial results, cost synergies, or other benefits expected in connection with any such transaction, or strengthen our competitive position, or achieve other anticipated goals in a timely manner, or at all. Further, such transactions may be viewed negatively by our current or potential customers, financial markets, or investors.

***The completion of the Proposed Transaction is subject to the satisfaction or waiver of certain closing conditions by us, IGT, Buyer and Buyer Sub, including stockholder approval and certain regulatory conditions, and the failure to consummate the Proposed Transaction within the expected timeframe or at all could adversely impact our business, financial condition, and results of operations.***

Our respective obligations, on the one hand, and those of the Buyer Parties, on the other hand, to effect the proposed acquisition, and of IGT, on the one hand, and the Buyer Parties, on the other hand, to effect the Equity Sale, are subject to the satisfaction or waiver of various and customary closing conditions, including (but not limited to): (i) the accuracy of the representations and warranties contained in the Merger Agreement, subject to certain customary materiality qualifications, as of the date of the Merger Agreement and as of the closing of the Proposed Transaction, and compliance in all material respects with the covenants and obligations contained in the Merger Agreement; (ii) the adoption of the Merger Agreement by the affirmative vote of the holders of a majority of the outstanding shares of our common stock entitled to vote thereon (the "Stockholder Approval"); (iii) (a) the expiration or termination of any applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, and (b) the receipt and effectiveness of certain governmental approvals required under antitrust laws, foreign investment laws, and financial services laws (or the termination or expiration of any applicable waiting period thereunder), and gaming approvals from certain gaming authorities; and (iv) the absence of any order, writ, judgment, injunction, or decree that prevents, makes illegal, or prohibits the closing of the Proposed Transaction.

We can provide no assurance that the closing conditions will be fulfilled (or waived, if applicable) in a timely manner or at all, and, if all closing conditions are timely fulfilled (or waived, if applicable), we can provide no assurance as to the terms, conditions, and timing of the completion of the Proposed Transaction. Many of the conditions to completion of the Proposed Transaction are not within our control, and we cannot predict when or if these conditions will be fulfilled (or waived, if applicable).

The Proposed Transaction is complex in nature, and unanticipated developments, including, among other things, changes in law, the macroeconomic environment, market conditions, regulatory or geopolitical conditions, or natural disasters, may affect our, IGT's, or the Buyer Parties' ability to close the Proposed Transaction as currently expected and within the anticipated time frame or at all. Additionally, the Merger Agreement includes certain termination rights for each of us, IGT, and the Buyer Parties, subject, in certain circumstances, to our payment to IGT and Buyer of a termination fee in an aggregate amount of \$65 million in cash upon termination of the Merger Agreement under specified circumstances. If we are required to make this payment, doing so may materially adversely affect our business, financial condition, and results of operations.

Any changes to the Proposed Transaction or delay in closing the Proposed Transaction could cause us, IGT, or the Buyer Parties not to realize some or all of the expected benefits or to realize them on a different timeline than

expected. In addition, the terms and conditions of the required regulatory authorizations and consents that are granted, if any, may impose requirements, limitations, or costs, or materially delay the closing of the Proposed Transaction. Additionally, there may be a significant or longer than expected time period between the Stockholder Approval and the closing of the Proposed Transaction, due to the timing of required regulatory approvals, satisfaction of other closing conditions, or other factors, including those described in this “Item 1A. Risk Factors” section. As a result, even if the requisite Stockholder Approval is obtained, the circumstances at the time of the closing may vary, including to a significant degree, from those at the time the Stockholder Approval was obtained, including, without limitation, with respect to our stock price or business and financial performance, developments in the industry in which we operate, external factors such as macroeconomic, regulatory, geopolitical, and market developments, or other factors not currently anticipated. However, pursuant to the Merger Agreement, the closing will nonetheless occur upon the satisfaction or waiver of the required closing conditions as set forth in the Merger Agreement, irrespective of any change in circumstances between the time the requisite Stockholder Approval is obtained (if obtained) and the closing of the Proposed Transaction, unless otherwise provided for in the Merger Agreement. If the closing of the Proposed Transaction is delayed or does not occur, this could result in a material adverse effect on our financial condition, results of operations, ability to pursue alternative transactions, and reputation.

There can be no assurance that a remedy will be available to us in the event of a breach of the Merger Agreement by any other party to the Merger Agreement, or that we will wholly or partially recover for any damages incurred by us in connection with the Proposed Transaction. A failed transaction may result in negative publicity and a negative impression of us among our customers or in the investment community or business community generally. Further, any disruptions to our business resulting from the announcement and pendency of the Proposed Transaction, including any adverse changes in our relationships with our customers, suppliers, lenders, partners, officers, employees, governmental entities, and other third parties, could continue or accelerate in the event of a failed transaction or the perception that the transaction may be delayed or may not close. In addition, if the Proposed Transaction is not consummated, the share price of our common stock may likely decline, including below the \$14.25 per share price of the Proposed Transaction. Further, if the Proposed Transaction is consummated, as our stockholders will receive cash in exchange for their shares, our stockholders will not be able to share in any potential upside of our common stock after the closing.

We have incurred, and will continue to incur, significant costs, expenses, and fees and other transaction costs in connection with the Original Proposed Transaction and the Proposed Transaction, for which we will have received little or no benefit if the Proposed Transaction is not completed. Fees and costs will be payable by us even if the Proposed Transaction is not completed and may relate to activities that we would not have undertaken except in connection with the Proposed Transaction.

***The Merger Agreement contains provisions that limit our ability to pursue an alternative transaction, which may discourage a potential third party from making a favorable alternative transaction proposal, as well as certain limited termination provisions.***

The Merger Agreement contains provisions that make it more difficult for us to seek an alternative transaction. Under these provisions, we have agreed not to, and to cause our subsidiaries (and to use reasonable best effort to cause our and their respective representatives) not to, directly or indirectly, solicit, initiate, knowingly encourage or knowingly facilitate the making, submission or announcement of, furnish any information regarding us or our subsidiaries to any person in connection with or in response to, engage in discussions or negotiations with any person relating to (other than to state that they are not currently permitted to have discussions), or approve, endorse or recommend, any Acquisition Proposal or any Acquisition Inquiry (each as defined in the Merger Agreement) with respect to us, nor enter into any letter of intent or similar contract contemplating or relating to any Acquisition Transaction (as defined in the Merger Agreement) or any Acquisition Inquiry with respect to us (excluding certain permitted confidentiality agreements) (the “No Shop Provision”).

Notwithstanding the foregoing, if prior to obtaining the Stockholder Approval, we receive a written Acquisition Proposal that did not result from a material breach of the No Shop Provision, and our board of directors determines in good faith (a) after consultation with our financial advisor that such Acquisition Proposal is or would reasonably be expected to lead to a Merger Partner Superior Proposal (as defined in the Merger Agreement) and

(b) after consultation with our outside legal counsel that the failure to take the following actions would reasonably be expected to be inconsistent with the fiduciary duties of our board of directors under applicable law, then we may furnish information regarding us or our subsidiaries, or enter into discussions and negotiations with the person making such Acquisition Proposal and its representatives, in each case subject to complying with specified notice requirements and other conditions as set forth in the Merger Agreement.

These provisions could discourage a potential third-party acquiror or merger partner that might have an interest in acquiring or combining with all or a significant portion of our business or pursuing an alternative transaction with us from considering or proposing such a transaction.

Notwithstanding anything to the contrary in the Merger Agreement, prior to obtaining the Stockholder Approval, our board of directors may, in certain limited circumstances, cause us to terminate the Merger Agreement to simultaneously enter into a definitive agreement to effect a Merger Partner Superior Proposal that did not result from a material breach of the No Shop Provision after compliance with specified notice requirements and other conditions as set forth in the Merger Agreement. In this and other specified circumstances, we would be required to pay to IGT and Buyer a termination fee in an aggregate amount of \$65 million in cash upon termination of the Merger Agreement.

In addition, we may terminate the Merger Agreement under certain circumstances, including if the Proposed Transaction is not consummated by July 26, 2025 (the "Outside Date"), provided that the Outside Date may be extended under certain circumstances as specified in the Merger Agreement, including with respect to the timing of regulatory approvals and the Marketing Period (as defined in the Merger Agreement). However, the termination right will not be available to us if the failure to consummate the Proposed Transaction by such date is primarily attributable to our failure to perform any covenant or obligation in the Merger Agreement that we are required to perform. If we terminate the Merger Agreement, this could result in a material adverse impact on our results of operations, and if the Merger Agreement is terminated and we seek another business combination transaction, we may not be able to negotiate a transaction with another party on terms comparable to, or better than, the terms of the Proposed Transaction.

***We will incur significant costs related to the Proposed Transaction that could have a material adverse effect on our liquidity, cash flows, and operating results.***

We expect to incur significant costs in connection with the Proposed Transaction, including transaction costs, legal and regulatory fees, and other costs that our management team believes are necessary to effect or realize the anticipated benefits from the Proposed Transaction. The incurrence of these costs could have a material adverse effect on our financial condition and results of operations, including in the periods in which they are incurred.

The Merger Agreement contains our specified termination rights, including, among other things, that prior to obtaining the Stockholder Approval, our board of directors may, in certain limited circumstances, cause us to terminate the Merger Agreement to simultaneously enter into a definitive agreement to effect a Merger Partner Superior Proposal. In this and other specified circumstances, we would be required to pay to IGT and Buyer a termination fee in an aggregate amount of \$65 million in cash upon termination of the Merger Agreement. The incurrence of such fee may have a material adverse effect on our liquidity, cash flows, and operating results in the period in which it is incurred.

***The consideration to be paid by Buyer to our stockholders will not be adjusted in the event the value of our business or assets changes before the Proposed Transaction closes.***

The consideration to be paid by Buyer to our stockholders will not be adjusted in the event the value of our business or assets changes, including as a result of the regulatory process. If the value of our business or assets changes after our stockholders approve the adoption of the Merger Agreement, the trading price of shares of our common stock may be less than or greater than our stockholders had anticipated when they considered the adoption of the Merger Agreement. Pursuant to the Merger Agreement, we will not be permitted to terminate the Merger Agreement solely because of changes in the trading price of shares of our common stock.

***The trading price of our shares of common stock may fluctuate as a result of the Proposed Transaction.***

There can be no assurance that the trading price of our shares of common stock will not fluctuate prior to the closing of the Proposed Transaction. The trading price may increase or decrease (including above or below the \$14.25 per share consideration to be paid by Buyer) due to, among other things, uncertainty of the closing of the Proposed Transaction or uncertainty as to the impact to our business during the pendency of the Proposed Transaction. Our stockholders will not be able to share in any potential upside that an indirect parent of Buyer will have by virtue of its ownership of IGT Gaming following the Equity Sale and us following the proposed acquisition.

***Lawsuits have been filed and additional lawsuits may be filed against us and our board of directors challenging the transactions contemplated by the Merger Agreement or the Proposed Transaction, which could prevent or delay the completion of the Proposed Transaction or result in the payment of damages.***

Following the announcement of the Proposed Transaction three purported stockholders of Everi filed complaints alleging that the definitive proxy statement for the Special Meeting of Everi stockholders omitted or misstated material information with respect to the Proposed Transaction and seeking supplemental disclosures and other equitable and legal relief. The complaints are entitled *Clancy v. Everi Holdings Inc., et al.*, No. 1:24-cv-07255-AS (S.D.N.Y. filed Sept. 25, 2024), *Marino v. Everi Holdings Inc., et al.*, No. tc241024-69 (N.Y. S. Ct. filed Oct. 24, 2024) and *Miller v. Everi Holdings Inc., et al.*, docket no. unassigned (N.Y. S. Ct. filed Oct. 25, 2024) (the “Complaints”). Thirteen other purported stockholders of Everi have sent demand letters to the Company making allegations and demands similar to those in the Complaints.

It is possible that additional litigation against us or our directors may be filed in the future. Among other remedies, claimants could seek damages and/or to enjoin the transactions contemplated by the Merger Agreement or the Proposed Transaction.

An adverse ruling in any pending or future lawsuit may delay or prevent the transactions contemplated by the Proposed Transaction from being completed. Any such actions may create uncertainty relating to the Proposed Transaction and may be costly and distracting to our management.
